-----  
COMMENTS for Authors:

=> Reviewer # 1

#### Title

- The title is a more specific location/case study.

#### Abstract

- The problem is not clear.
- The author can put a real location for a case study.
- Make clear contributions

#### Research Method

- There is no specific requirement for images, peripherals, etc.
- A storyboard and storyline are required.

#### Result and Discussion

- Reduce the theory statement.
- Translate to English as much as possible in the whole section.
- Pengunjung is not connected to any use case in Figure 12.
- Add Discussion Section.
- Re-structure the flow of the Design and Implementation phases. (e.g., sequence of process)

#### Conclusion

- Still not response to the problem.
- There is no clear contribution
- Evaluate the virtual tours are required
- Questioner the result is required.

=> Reviewer # 2

It would be preferable if each tourist attraction's classifications were explained, and if possible, all tourist attractions used English.
